

Virginia Health Services

Your best life is our mission.

**Our Continuum of Care allows us to provide you
and your loved ones with services for every stage of life.**

ABOUT US

OUR MISSION

We support individuals living their best life.

OUR VISION

Virginia Health Services is committed to being the trusted partner and provider of choice in the communities we serve.

OUR VALUES

People - Focus on improving the lives of the individuals we serve, their families and our team members.

Excellence - Set the bar high and continuously improve.

Innovation - Think differently! Invest in technology and support ideas that improve the care we provide.

Integrity - Do the right thing - Always!

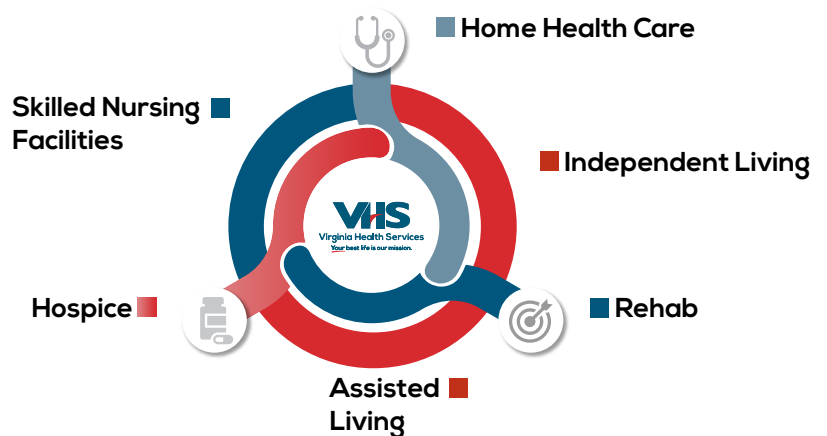

Teamwork - Work collaboratively across VHS to achieve the best results.

WHO WE ARE

You should be able to live your best life at any age. Virginia Health Services specializes in a spectrum of senior healthcare services. Our continuum of care means we can meet your healthcare and lifestyle needs at every stage as you age. Sometimes the services you need may overlap. We can help you navigate what you need and find a care plan that is individualized for you.

Virginia Health Services values the communities we have proudly served for nearly 60 years. Our footprint now extends throughout southeastern Virginia, from the Northern Neck to Southside, and all points in between.

Our team is dedicated to helping individuals live their best life. With Virginia Health Services, you and your loved ones can expect quality care wherever you are.

SENIOR LIVING

INDEPENDENT VS. ASSISTED LIVING: Which is right for me?

When the responsibilities of homeownership become too much, Virginia Health Services offers an independent senior living option at The Arbors. The community features a maintenance-free lifestyle with private apartments, fine dining, many activities, and personal transportation.

Treat yourself to valet parking, concierge service, housekeeping and linen service—all without a costly entrance fee.

Our assisted living communities provide a safe environment when you start to need extra assistance with your healthcare needs.

You and your loved ones will have peace of mind knowing our nursing team is available 24/7 and that your apartment is equipped with bathrooms designed for safety and ease, and a wander-guard system.

WHAT IS SKILLED CARE?

Skilled care is nursing and therapy care that can only be safely and effectively performed by, or under the supervision of, professionals including physicians, nurses, physical, occupational and speech therapists. It's health care given when treatment, management, and observation of your condition, and evaluation of your care is necessary. These services are usually required after a major healthcare event including a stroke, heart attack or surgery and most often after a hospitalization.

WHAT IS LONG-TERM CARE?

When care needs become too much to go home, our long-term care provides a safe environment. Residents in long-term care benefit from daily help with toileting, dressing, bathing, eating, and have ambulatory and other health issues that require constant care and supervision.

WHAT IS RESPITE CARE?

If an individual needs a brief recovery period (less than 2 weeks) following an illness, accident, surgery or other medical problem, Virginia Health Services offers respite – or short-term nursing care. We also offer respite care for individuals whose families need additional caregiving support during emergencies or vacations.

WHAT IS MEMORY CARE?

VHS has a dedicated Memory Care program at Walter Reed Nursing and Rehabilitation Center in Gloucester. Memory Care is provided in a special secure unit to protect memory-impaired Residents, including individuals with dementia and Alzheimer's disease. Individualized care is provided in an environment designed specifically for Memory Care residents by a specially trained staff who understand the needs of this unique population. Memory care units are typically staffed at higher levels to ensure resident needs are met.

VHS Home Health Care helps you get back to living your best life by providing skilled care in the safety and comfort of your home.

VHS Home Health Care coordinates your care with a team dedicated to getting you back to living your best life.

Our team of professionals includes nurses, therapists and social workers with one goal: to empower you to live as independently as possible. We train and educate you and your loved ones to help you gain independence.

As a continuum of care from a rehab or hospital setting, research shows receiving care at home with home health services can effectively help you get back to your best life. It is typically covered by Medicare and most commercial insurances.

OUR TEAM & SERVICES

Skilled Home Health Care services are provided by licensed trained professionals, including licensed nurses and certified nurse aides, physical, occupational and speech therapists and social workers. Our team takes a comprehensive approach to home health care, starting with personalized case management from admission to discharge. Our team members take pride in communicating and collaborating with the providers inside and outside our organization with one goal in mind: your care.

- Skilled Nursing at home
- Nurse On Call 24/7
- Social Worker
- Certified Home Health Aides
- Registered Dietician
- Physical, Occupational and Speech Therapy
- Home Infusion Therapy
- Pain Management
- Palliative Care
- Diabetes Education/Management

- Joint Replacement Rehabilitation
- Wound/Ostomy Care

The VHS Hospice team specializes in creating an individualized plan to care for you with a focus on your quality of life and comfort.

VHS Hospice can assist caregivers and improve an individual's quality of life. Our team works with you, your physician and your loved ones to determine eligibility for Hospice.

Our staff is specially trained in providing holistic, compassionate palliative care, including addressing mental, physical, or spiritual needs. This includes nursing care and physician oversight as well as bereavement and counseling services for the individual and their loved ones.

Hospice care is covered by Medicare, Medicaid, and most commercial insurers. It is for individuals who have received a prognosis of six months or less, and is an option for individuals who do not wish to receive aggressive, curative treatments and lengthy hospital stays.

Hospice team members will provide care wherever the individual resides. In addition, the hospice benefit typically provides for a respite stay, which we can readily arrange at a VHS healthcare facility.

OUR TEAM

Our support team includes:

- Skilled nursing staff (on call 24/7)
- Home health aides
- Physical, occupation and speech therapists
- Social workers
- Dietitians
- Chaplain
- Medical director
- Home Infusion Therapy
- Volunteers
