

Helping you live your best life

The Newport Nursing & Rehabilitation Center, a 60-bed facility located along Mariners' Museum Park in Newport News, has private and semi-private accommodations. Our skilled team of RNs, LPNs and CNAs provide around-the-clock care.

The team at The Newport Nursing & Rehabilitation Center wants to help individuals live their best life. We offer skilled nursing and long-term care, respite care and in-house rehabilitation services. The individual and their physician will determine what is the best fit.

From the start, our Residents and their families meet with our team members to establish a plan of care. A Resident Navigator will help introduce individuals and their loved ones to the facility and ease the transition process.

The interdisciplinary care plan team includes our nursing staff, social workers, recreational professionals, therapists and dietitians. The individuals in our care know from the time they arrive, they will be helped in living their best life.

A team of physical, occupational and speech therapists from VHS Rehabilitation will work with individuals to recover from injury or help with daily life skills.
